About our Preassembled Dugouts

Pre-Engineered

Customizable

Easy to Install

Quality Control

Built to Last

Sportsfield Specialties specializes in preassembled customized athletic structures for your baseball and softball venues. Our exclusive 5-year warranty is a testament to the quality and durability of our products. No other manufacturer or on-site builder promises the same! By constructing our dugouts and storage units prior to delivery, we are able to manage the quality, avoiding inconsistency in on-site construction. Joints and seams are welded together with MIG and TIG techniques, which are only available within our factory setting and there are almost no bolts, which loosen over time. Weather-related delays are no longer a factor in installation because our preassembled structures are constructed in a controlled climate environment.
