## Excellence from Design to Installation

# Guard Rail Systems

### PRODUCT OVERVIEW

- Guard Rail Systems are modularized for professional aesthetics and ease of installation
- Super durable powder coated steel frames protected with squared guard rail and post pads
- Ultra Cross® Knotless Dyneema® netting provides a barrier without compromising visibility
- Surface mounted design allows for installation flexibility during construction and retro-fits
- A pre-engineered solution that eliminates site-built railings and custom pads/netting
- Customizable lengths available in standard heights of 36", 42", 48", 72" and 96"H
- Post and rail pads are available in a variety of standard vinyl colors
- Available with custom digitally printed graphics and lettering
